Philip B. Copare has spent his entire career in the construction industry. He has worked on numerous commercial projects early in his career, worked with Dade County Schools after Hurricane Andrew. Phil is considered an Estimating Expert Witness based on his years and experience in the industry. He has been an active member of the American Arbitration Association since 1989, also completing the State of Florida Mediation Training Program, and is a certified Master Trainer with National Center for Construction Education and Research (NCCER), teaching both the Project Management and Supervisory Academies since their inception. He serves as the Educational Director and Safety specialist for FBMA

Mr. Copare brings to the classroom his dynamic and unique brand of education with **real life** experiences and examples.

INTRODUCTION

Construction Services Enterprise (CSE) is a multi-disciplined consulting firm specializing in construction education, seminars and training for owners and contractors.

Mr. Copare, President of Construction Services Enterprise has an extensive education and experience in the construction industry. He received a BCN from the University of Florida; a Masters Degree in Business from Rollins College; he is a certified general contractor; certified underground utility contractor and has a salesman real estate license. He holds a Professional Safety Certification and is approved to teach the 10 hour and 30 hour OSHA Safety courses. CSE is also a construction CEU provider for the State of Florida.

CSE has been providing education programs to the construction industry **since 1986**, always working with you to define **your needs**, requirements and objectives. CSE will travel **out of state** to accommodate our client's needs.

CSE can also provide training and seminars for your professional organization either "in-house" or at a location of your choice.
